

Bosteels Tripel Karmeliet Belgium

\$3.95 / 330ml

8.4% ABV

Tasting Notes

Tripel Karmeliet is a golden-to-bronze brew with a fantastic creamy head. The refined and complex characteristics derive not only from the grains used but also from restrained hopping with Styrians and the fruity nature of the house yeast.

With hints of vanilla, banana & citrus, Tripel Karmeliet has not only the lightness and freshness of wheat, but also the creaminess of oats together with a spicy lemony dryness.
