

Bosteels Kwak Belgium

LCBO # 0287490,
\$3.95 / 330ml

Tasting Notes

Kwak is recognizable by its deep bright amber colour and a dense, creamy coloured head.

A mellow, fruity and malty aroma with a slightly spicy character with coriander and hops. Additional earthy and very subtle aromas of banana, pineapple and mango.

A mellow fruity attack, a nougat-like solidity, and a spicy character with hints of liquorice passing into a warm finish that is reminiscent of caramelized banana. The bitterness always remaining in the background but in the end emerges delicately.
