Tasting Notes

Tart and fruity, this one-of-a-kind sour ale displays notes of berries and wheat. Refreshingly tart and awesomely sessionable, this beer began with a 48 hour sour mash. A late hop addition imparts a fruity aroma which balances the sour malt base. Nova Scotia cranberries dry out the finish and add a bold depth of flavor and colour.

Food Pairing

It is crisp and dry, making it a good palate cleanser between courses, or a good companion with lighter fare, salads or fruity desserts. Considering the holiday season this is a great pairing with turkey!

According to local folk lore, Boxing Rock is where bickering seamen were left by their captain to sort out their differences. The choice: box until only one could return to the ship or shake hands and share a beer. Either way it is only a few hours until high tide.

Boxing Rock received a Gold Medal @ the 2017 Canadian Brewery Awards for their Traditional German Style category.
